

REMARKS

This is a Supplemental Response to the Office Action mailed March 25, 2004, in which a six (6) month Statutory Period for Response has been set, due to expire September 25, 2004. Fifty-six (56) claims, including sixteen (16) independent claims, were paid for in the application. The Supplemental Response herein incorporates and relies on a previous Response filed by Applicants on June 21, 2004.

Applicants submit minor claim amendments herein. Specifically, Applicants have added the word "card" to each of the respective claims 7, 9, 12, 16, and 19. No other claim amendments have been made. No new matter has been added to the application. The present claim set, as amended herein, stands at forty-six (46) total claims, including fourteen (14) independent claims.

In addition, Applicants desire to correct a typographical error presented in the previously filed Response dated June 21, 2004. Referring to the Remarks section of the June 21, 2004 Response, Applicants respectfully request that the Examiner delete the word "generator," which appears on page 14, paragraph 2. The sentence in question should read, "In contrast to generating a pseudo-random sequence, Lamle specifically teaches that a random number is generated, a card is printed, and then the entire process is repeated."

Conclusion

The Director is authorized to charge any additional fees due by way of this Amendment, or credit any overpayment, to our Deposit Account No. 19-1090.
